

## Alpha Order - Qualifying ICD-9 Codes for Wheelchair Seating

Effective 2-2007 for Medicare Insurance

All wheelchair users qualify for general cushions & backs

Codes below apply to more costly Skin Protection,  
Positioning Cushions and Backs or Custom Cushions and Backs

ICD-9 CODE	DESCRIPTION	Qualifies for
331.0	Alzheimer's disease	All
335.20	Amyotrophic lateral sclerosis (ALS) (Interchangeable diagnosis)	All
335.8	Anterior horn cell diseases, other	All
335.9	Anterior horn cell disease, unspecified	All
341.8	Central nervous system, other demyelinating diseases (Interchangeable diagnoses)	All
341.9	Central nervous system, demyelinating disease, unspecified	All
330.1	Cerebral lipidoses (Interchangeable diagnoses)	All
330.2	Cerebral deg. in gen. lipidoses (Interchangeable code & man code)	All
330.3	Cerebral deg. of childhood in other diseases classified elsewhere (ID/man)	All
330.8	Cerebral deg. in childhood, other specified (Interchangeable diagnoses)	All
330.9	Cerebral deg. in childhood, unspecified	All
333.71	Cerebral Palsy, Athetoid	Positioning & Custom Back
343.0	Cerebral palsy, diplegic (Interchangeable diagnoses)	All
343.1	Cerebral palsy, hemiplegic (Interchangeable diagnosis)	All
343.2	Cerebral palsy, quadriplegic (Interchangeable diagnosis)	All
343.3	Cerebral palsy, monoplegic	All
343.4	Cerebral palsy, infantile hemiplegia (Interchangeable diagnosis)	All
343.8	Cerebral palsy, infantile, other specified	All
343.9	Cerebra palsy, infantile, unspecified (Interchangeable diagnosis)	All
334.2	Cerebellar degeneration, primary (Interchangeable diagnoses)	Positioning & Custom
334.3	Cerebellar ataxia, other (Interchangeable diagnoses)	Positioning & Custom
334.4	Cerebellar ataxia in disease classified elsewhere (I Dx's) (man code)	Positioning & Custom
707.03	Decubitus ulcer, lower back (sacrum)	Skin Protection & Custom cushion
707.04	Decubitus ulcer, hip	Skin Protection & Custom cushion
707.05	Decubitus ulcer, buttock	Skin Protection & Custom cushion
334.0	Friedreich's ataxia	Positioning & Custom
438.20	Hemiplegia affecting unspecified site	Positioning & Custom
438.21	Hemiplegia affecting dominant site	Positioning & Custom
438.22	Hemiplegia affecting nondominant site	Positioning & Custom
342.00	Hemiplegia, flaccid, affecting unspecified site	Positioning & Custom
342.01	Hemiplegia, flaccid, affecting dominant site	Positioning & Custom
342.02	Hemiplegia, flaccid, affecting nondominant site	Positioning & Custom
342.10	Hemiplegia, spastic, affecting unspecified site	Positioning & Custom
342.11	Hemiplegia, spastic, affecting dominant site	Positioning & Custom
342.12	Hemiplegia, spastic, affecting nondominant site	Positioning & Custom
342.80	Hemiplegia, other specified, affecting unspecified site	Positioning & Custom
342.81	Hemiplegia, other specified, affecting dominant site	Positioning & Custom
342.82	Hemiplegia, other specified, affecting nondominant site	Positioning & Custom
342.90	Hemiplegia, unspecified, affecting unspecified site	Positioning & Custom
342.91	Hemiplegia, unspecified, affecting dominant site	Positioning & Custom
342.92	Hemiplegia, unspecified, affecting nondominant site	Positioning & Custom
333.4	Huntington's chorea	Positioning & Custom
335.11	Kugelberg-Welander disease (Interchangeable diagnoses)	All
330.0	Leukodystrophy (Interchangeable diagnoses)	All
344.30	Monoplegia of lower limb, affecting unspecified side	Positioning & Custom
344.31	Monoplegia of lower limb, affecting dominant side	Positioning & Custom
344.32	Monoplegia of lower limb, affecting nondominant side	Positioning & Custom
438.40	Monoplegia of lower limb affecting unspecified site	Positioning & Custom
438.41	Monoplegia of lower limb affecting dominant site	Positioning & Custom
438.42	Monoplegia of lower limb affecting nondominant site	Positioning & Custom
335.2	Motor neuron disease	All
335.29	Motor neuron disease, other	All
340	Multiple sclerosis (Interchangeable diagnoses)	All
335.21	Muscular atrophy, progressive (Interchanged diagnoses)	All
359.0	Muscular dystrophy, congenital hereditary	Positioning & Custom
359.1	Muscular dystrophy, hereditary progressive (Interchangeable diagnoses)	Positioning & Custom
336.3	Myelopathy in other diseases classified elsewhere (ID/Man code)	All
341.0	Neuromyelitis optica	All
332.0	Paralysis agitans (Interchangeable diagnoses)	All
334.1	Paraplegia, hereditary spastic	Positioning & Custom
344.1	Paraplegia (Interchangeable diagnosis)	All
138	Poliomyelitis, acute, late effects of	All
335.23	Pseudobulbar palsy	All
344.00	Quadriplegia, unspecified	All
344.01	Quadriplegia, C1-C4, complete	All
344.02	Quadriplegia, C1-C4, incomplete	All
344.03	Quadriplegia, C5-C7, complete	All
344.04	Quadriplegia, C5-C7, incomplete	All
344.09	Quadriplegia, other	All
341.1	Schilder disease (Interchangeable diagnoses)	All
335.24	Sclerosis, primary lateral	All
741.00	Spina bifida with hydrocephalus, unspecified region	All
741.01	Spina bifida with hydrocephalus, cervical region	All
741.02	Spina bifida with hydrocephalus, dorsal (thoracic) region	All
741.03	Spina bifida with hydrocephalus, lumbar region (Interchange diagnoses for 741.00-741.03)	All
741.90	Spina bifida w/o mention of hydrocephalus, unspecified region	All
741.91	Spina bifida w/o mention of hydrocephalus, cervical region	All
741.92	Spina bifida w/o mention of hydrocephalus, dorsal (thoracic) region	All
741.93	Spina bifida w/o mention of hydrocephalus, lumbar region (Interchangeable diagnoses for 741.90-741.93)	All
335.1	Spinal muscular atrophy	All
335.10	Spinal muscular atrophy, unspecified	All
335.19	Spinal muscular atrophy, other (Adult spinal muscular atrophy)	All
334.8	Spinocerebellar diseases, other (Interchangeable diagnoses)	Positioning & Custom
334.9	Spinocerebellar disease, unspecified	Positioning & Custom
336.2	Subacute comb. deg. of spinal cord in diseases classified elsewhere (Interchangeable diagnoses and manifestation code)	All
336.0	Syringomyelia and syringobulbia	All
333.6	Torsion dystonia, idiopathic (Interchangeable diagnoses)	Positioning & Custom
333.7	Symptomatic Torsion Dystonia	Positioning & Custom
336.1	Vascular myelopathies (Interchangeable diagnoses)	All
335.0	Werdnig-Hoffmann disease (Interchangeable diagnoses)	All
